Initial Research and Questions

Due: Monday, Oct. 23

To ensure a quality project, you must ensure that you adequately understand the system and its requirements. Review the project description and each of the sample reports. You must develop a list of at least 4 questions that you have about the project as well as at least 1 potential risk. You are to turn in a typed list during class on Monday, Oct. 23 and submit an electronic copy to your team’s Project Manager. The Project Manager will then collate the questions and risks and submit an electronic copy to the Instructor by 5 PM on Tuesday, Oct 24. Be sure to include your team number on all submissions.
