CSE 470 Group 7 Meeting Minutes
Thursday, 02-07-2002

- Meeting began at 5:15 pm.
- Modified the data dictionary to reflect the concept of the auctioneer as automatic software that is moderating the auction, as opposed to the entity that starts the auction.
- Reviewed Paul’s beginning of the java prototype - looks pretty good so far.
- Looked at use case diagrams Cheryl made, discussed modifications.
- Meeting came to an end at 6:0 pm.
