

1. Name and email address.
2. What is your major (e.g., CSE, EE)?
3. What was your undergraduate degree?
4. What year are you and how many credits (approximately) have you earned thus far? (Are you MS or PhD or other?)
5. What is your GPA?
6. What classes are you taking this semester? (indicate which ones are project courses.)
7. What Software Engineering topics are you interested in studying in addition to those listed in the course overview?
8. Are you currently working on a research project? If so, briefly describe the project and indicate your advisor.
9. Have you ever worked in a group of two or more on a software project? If so, briefly describe the scope of the project. (Do you work better in a group or alone?)
10. Have you ever written a technical paper of length at least 25 pages? Explain.
11. Do you have industry experience (e.g., co-op, internships, full-time position)? If so, where and what did you do?
12. What do you want to gain from this course?
13. What are your tentative plans after graduation?
