

Project Video Evaluation (20 pts)

Team name:

Points:

Specifications:

- Video should describe the key features of the system as illustrated by scenarios. (Video is not intended to be a video of your presentation.)
- Be sure to include a “credits” slide (at beginning and end) indicating the team members, course info, instructor, and customer, with any questions directed to Dr. Cheng (chengb at msu dot edu).
- Video must be between 3-5 mins long.
- Be sure to provide a link to your video on project webpage

Criteria	pts	Notes
Shows at least 3 customer-provided scenarios (10pts)		
Clear narration of how the system works (5pts)		
All text is clearly legible (5pts)
